05 RESPOND

OUR COMMITMENT

Intelligence, technology and operational experience focused on one objective: protecting the vessel and the people aboard.

YOUR VESSEL.
YOUR CREW.
YOUR PEACE OF MIND.

MARITIME INTELLIGENCE

THE OPERATING PICTURE.

Continuous monitoring and analysis focused on information that can change a security decision.

- 01 MONITOR**
Maintain awareness across vessel, water and shore.
- 02 ANALYZE**
Identify patterns, anomalies and relevant change.
- 03 INDICATORS**
Surface early signs that deserve attention.
- 04 BRIEF**
Deliver concise intelligence to decision makers.
- 05 ADVISE**
Turn intelligence into operational options.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

RELEVANT.
ACTIONABLE.
TIMELY.

THE OPERATING PICTURE.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

AIR SURVEILLANCE

EXTEND THE SECURITY PICTURE.

Aerial observation adds speed, reach and visual verification beyond deck-level visibility.

- 01 DRONE OBSERVATION**
Approved UAV observation for defined security tasks.
- 02 EO / IR**
Day and thermal imaging for verification.
- 03 INSPECTION**
Inspect vessel, shoreline and infrastructure.
- 04 ROUTE WATCH**
Observe selected approaches and routes.
- 05 OVERWATCH**
Monitor defined security zones.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

OBSERVE.
VERIFY.
REPORT.

EXTEND THE SECURITY PICTURE.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

MARINE SURVEILLANCE

KNOW WHAT IS MOVING AROUND YOU.

Surface-domain awareness focused on vessels, approaches and changing activity around the protected asset.

- 01 RADAR**
Detect and track relevant surface contacts.
- 02 AIS TRACKING**
Monitor vessel identity and movement.
- 03 APPROACHES**
Watch contacts entering defined zones.
- 04 ANCHORAGE**
Maintain context while stationary.
- 05 TRAFFIC CONTEXT**
Separate routine movement from anomalies.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

DETECT.
TRACK.
UNDERSTAND.

KNOW WHAT IS MOVING AROUND YOU.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

SHORE + MARINA SECURITY

PROTECTION CONTINUES ASHORE.

Security across waterfront facilities, access points, people and land-side approaches connected to the vessel.

- 01 PERIMETER**
Monitor shore and marina boundaries.
- 02 ACCESS**
Manage gates, credentials and visitors.
- 03 CCTV**
Use cameras for monitoring and verification.
- 04 FACILITIES**
Protect critical waterfront areas.
- 05 MOVEMENT**
Review visitor and vehicle activity.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

ACCESS.
PERIMETER.
CONTROL.

PROTECTION CONTINUES ASHORE.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

SUBSURFACE INTELLIGENCE

BELOW THE WATERLINE. NO SURPRISES.

Dedicated underwater services for detection, inspection and protected subsurface operating zones.

- 01 DIVER / SWIMMER**
Detect and track underwater human activity.
- 02 UUV / AUV**
Monitor unmanned underwater vehicles.
- 03 ROV INSPECTION**
Visual verification of hull and infrastructure.
- 04 HULL / GEAR**
Inspect critical underwater vessel areas.
- 05 SEABED / BERTH**
Inspect moorings and underwater structures.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

DETECT.
VERIFY.
RESPOND.

BELOW THE WATERLINE. NO SURPRISES.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

YACHT SECURITY

BUILT AROUND THE VESSEL.

Discreet protection centered on owner, guests, crew, vessel and operating environment.

- 01 ASSESSMENT**
Review access, routines and current posture.
- 02 OWNER / CREW**
Provide relevant intelligence and guidance.
- 03 ANCHORAGE**
Increase awareness while stationary.
- 04 ARRIVAL**
Focus coverage around port transitions.
- 05 ASSET PROTECTION**
Protect vessel, valuables and information.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

PRIVATE.
PREPARED.
PROTECTED.

BUILT AROUND THE VESSEL.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

MARINA + PORT SECURITY

MULTI-ZONE WATERFRONT PROTECTION.

Coordinated security where vessels, people, vehicles, infrastructure and water approaches intersect.

- 01 **WATER APPROACH**
Monitor activity approaching protected areas.
- 02 **SHORE PERIMETER**
Maintain awareness of land-side boundaries.
- 03 **ACCESS POINTS**
Support credentials and restricted zones.
- 04 **MULTI-ZONE**
Combine separate areas into one picture.
- 05 **INFRASTRUCTURE**
Protect critical waterfront assets.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

CONNECTED.
VISIBLE.
CONTROLLED.

MULTI-ZONE WATERFRONT PROTECTION.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

ROUTE + DESTINATION INTELLIGENCE

SECURITY BEFORE ARRIVAL.

Intelligence follows the journey from departure planning through passage, arrival and local operations.

- 01 PRE-DEPARTURE**
Review route, destination and conditions.
- 02 EN ROUTE**
Maintain selected monitoring and updates.
- 03 PRE-ARRIVAL**
Review the next marina or anchorage.
- 04 ARRIVAL WATCH**
Increase attention around arrival.
- 05 LOCAL AWARENESS**
Maintain destination context.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

PLAN.
MONITOR.
ARRIVE READY.

SECURITY BEFORE ARRIVAL.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

SECURITY PLANNING + CREW TRAINING

PREPARATION BUILDS RESILIENCE.

Practical preparation for responsibilities, procedures, threat levels and coordinated response.

- 01 **RISK ASSESSMENT**
Identify risks and vulnerabilities.
- 02 **SECURITY PLAN**
Define procedures and responsibilities.
- 03 **THREAT LEVELS**
Define changes in security posture.
- 04 **CREW TRAINING**
Prepare personnel for response.
- 05 **EXERCISES**
Test scenarios and identify gaps.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

KNOW.
PRACTICE.
ACT.

PREPARATION BUILDS RESILIENCE.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

24/7 INTELLIGENCE + RESPONSE SUPPORT

WHEN AN EVENT REQUIRES ATTENTION.

Always-on support for verification, advice, coordination and escalation.

- 01 ALERT**
Immediate notification of relevant events.
- 02 VERIFY**
Confirm what is happening.
- 03 ADVISE**
Provide operational recommendations.
- 04 COORDINATE**
Support authorized communications.
- 05 ESCALATE**
Support action under defined procedures.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

VERIFY.
ADVISE.
COORDINATE.

WHEN AN EVENT REQUIRES ATTENTION.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

INTEGRATED SECURITY SYSTEMS

CONNECT WHAT YOU ALREADY USE.

Supporting technology strengthens the service and operating picture.

- 01 **AIS / NAVIGATION**
Position, route and vessel context.
- 02 **RADAR / WEATHER**
Surface and environmental context.
- 03 **CCTV / EO-IR**
Visual and thermal verification.
- 04 **ACCESS**
Doors, gates and credential events.
- 05 **DRONES / SENSORS**
Aerial and perimeter inputs.

SERVICE FOCUS

Focused protection built around the operating environment and the decisions that matter.

CONNECT.
FUSE.
USE.

CONNECT WHAT YOU ALREADY USE.

A clear operating picture, concise intelligence and defined response procedures - configured around the protected asset and its real operating environment.

AGRON MARITIME INTELLIGENCE + SECURITY

SERVICE LEVELS & CONTACT

START WITH THE SERVICE.

Scope is defined around the asset, operating environment and required support intensity.

- 01 MONITOR**
Continuous monitoring, alerts and reporting.
- 02 PROTECT**
Enhanced analysis and active response support.
- 03 ASSURE**
Full intelligence and coordination support.
- 04 CONTACT**
agron1.com | info@agron1.com
